

Irinel Alexandru Radut

<Front-End Developer>

+40756078539 | irinelalexandru.radut@gmail.com| Bucharest, RO

About me

I'm a front-end developer with a strong foundation in HTML, CSS, JavaScript, and React, gained through a recent 6-month intensive development course. Prior to that, at Oracle and Microsoft, I honed my UI/UX and motion design skills, becoming proficient in tools like After Effects, and Blender 3D. I'm passionate about creating engaging, user-centered experiences with dynamic visuals, and I'm eager to apply my diverse skillset to impactful projects.

Professional Experience

2023-Present | Senior Graphic Designer

Microsoft, Bucharest

- > Serving Microsoft's Proposal Center of Excellence - PcoE, Shipley Associates
- > Collaborate with the account teams on different engagements involving Power Point presentations and RFX documents.

2019-2023 | Graphic/Motion Designer
